UI Designer based in Vancouver, Canada and is currently an Interactive Art and Technology student at Simon Fraser University. Passionate about the fusion of art and technology, I bring two years of experience in interaction design to the table. I thrive on creating projects that push boundaries while prioritizing a user-centric experience.

DESIGN EXPERIENCE

UI DESIGNER

One Tap Away — A chatbot to help
Gender-Based Violence

Nov 2023 - Current
Surrey, BC

SFU Student Community Engagement Team Competition

- Developed and design a prototype for a proposed chatbot addressing gender-based violence (GBV) in the Lower Mainland population.
- Design a logo for the chatbot application and developed social media for promotional purposes.
- Collaborated with Vancouver & Lower Mainland Multicultural Family Support Services Society (VLMFSS) to conduct research and gather insights to for a user-centric design.

WEB DESIGNER

5X Fest Microsite

Surrey, BC
July 2023 - August 2023

SFU IAT 235 Information Design

- Researched the challenges and target audience of 5X Festival to inform the creation of a microsite showcasing artist highlights for their events.
- Utilized Figma to design high-fidelity mockups of an interactive microsite, facilitating testing of website interactions.
- Coded and designed the final microsite using HTML and CSS, ensuring compatibility with both desktop and mobile devices.
